Relationship Oscar Bartra Carreras and Elrey Belmonti: Cousin of Oscar.

Dear Sir/ Madam,

I am writing this letter to testify the relationship between Oscar Bartra Carreras and Elrey Belmonti.

I am the cousin of Oscar. We have a close relationship since we were kids. Even though, Oscar moved to the United States, we have maintained our good friendship. Therefore, I was really happy when Oscar called me to explain that he met Elrey and they started a relationship.

My cousin Oscar Bartra Carreras introduced Elrey Belmonti as his couple to the entire family during Christmas holidays 2012-2013. Elrey Belmonti rapidly became a member of the family, getting a really close relationship with my uncle and aunt and my cousin.

The couple spent the Christmas holiday from 2012-2013 and 2013-2014 on my uncle and aunt's house in Manresa (Spain). During these periods, I had the opportunity to spend time with them. During family meals, Oscar translated Elrey the conversations patiently and affectionately to get him involved with the family, as some members of the family do not speak English fluently.

Moreover, during Christmas Eve dinner 2013, I had the privilege to see directly the heartfelt matrimonial proposal. Oscar asked Elrey through a really emotional speak and Elrey reacted with a mix of tears and smiles.

During the time that the couple spent in Spain, my couple and I went out with the both of them. I think that they are completely in love and they take care one from the other one in any moment. Moreover, Oscar is a really calm person and Elrey is an open and active man, therefore, I really think that they complement each other.

I hope I expressed clearly my opinion of this wonderful couple. Otherwise, do not hesitate to contact me if you have any question.

Yours faithfully,

Estel Blay Carreras
